The World's
First IoT HIFU

U-BOX

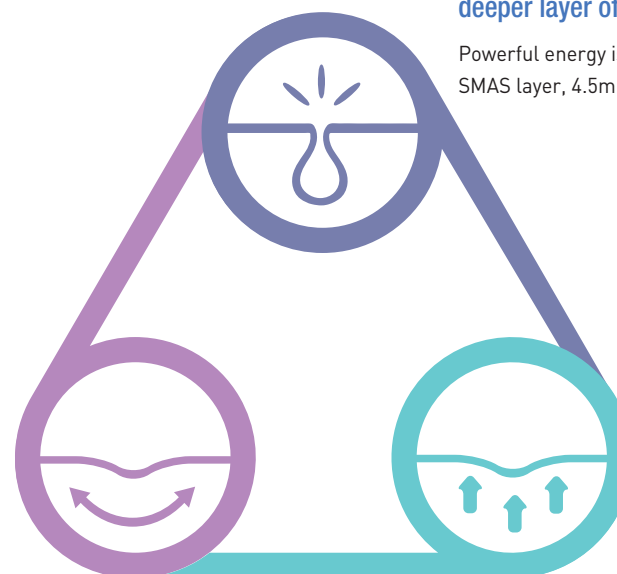

"It's time to get prettier!"

Discover the hidden beauty in you

U-BOX Effects

Fine wrinkle improvement
& Skin tightening effect

Non-invasive treatment that
stimulates collagen remodeling

The lifting effect from the
deeper layer of skin

Powerful energy is focused in the
SMAS layer, 4.5mm in depth

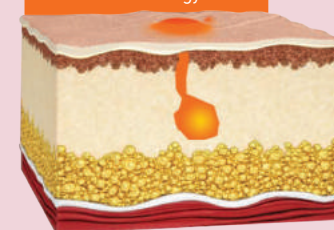

Youthful skin tone & Texture
& Brightening effect

Natural cell regeneration
improves the skin up to 6 month

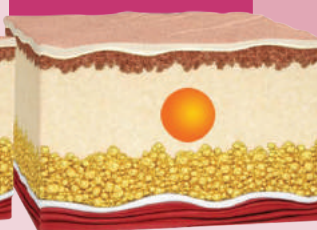

Excellent Safety

SKIN

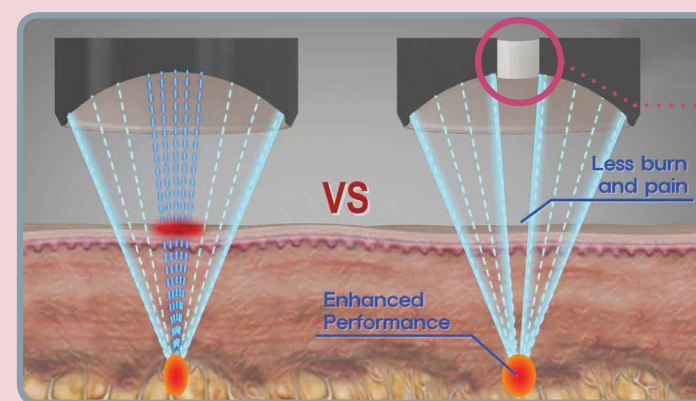

Skin burn caused by
inaccurate and unstable
HIFU energy

Accurate and stable HIFU
energy made by U-BOX

U-BOX has dramatically reduced
treatment side effects by producing
a powerful energy with a short pulse duration
The energy is precisely adjusted through
the phantom testing with the simulated
human skin phantom

Regular HIFU Ceramic

U-BOX Centerless Ceramic

CENTERLESS HIFU

Centerless HIFU of U-BOX
prevents possible burn side
effects and reduces pain

Management services through Internet

U-BOX is world's first IoT HIFU that connects to the Internet network
The Internet enables the U-BOX to connect to "U-LINK" for real-time
online management services
